Additional lyrics

2. One day on the job the foreman said
 "Hey Danny Boy we think you're a fag
 With your ponytail and that ring in your ear
 Hey, we don't need no homos foulin' up the air"
 Danny just smiled and picked up a 2 by 4
 He split that jerk from his jaw to his ear
 Said "You can stick your job where the sun don't shine
 [But you're] never gonna stop me bein' what I am, boy!"

3. Last time I saw Dan he was in a hospital bed
 Two tubes hangin' out the nose of his head
 He smiled at me with them stone blue eyes
 And he said, "Hey, how you doin', guy?
 I'm history 'round here in a couple of weeks
 I did what I wanted - I got no regrets
 So, when you think of me crack a beer and smile
 Hey, life's a bitch and then you die"
