

ELVIS MORPHY

G E7
 I'll never forget that day back in 1969
 Am D
 At my sister's wedding reception
 F E7
 I was still wearin' corduroy short pants
 Am D
 Hadn't had my first erection
 Am D
 The band was playin' waltzes - the crowd was gettin' bored
 A D
 When this teddyboy materialized on the floor
 G A
 He jumped up on the stage like a tiger in a cage
 C G G7
 Yeah, he changed my whole life direction

C D
 Oh Elvis Murphy, Jailhouse Rock knocked me out that day
 G Bb
 And Love Me Tender almost melted me away
 A D
 And My Blue Suedes were here to stay
 C Am
 The crowd was goin' crazy all dancin' and then
 D G-C-G-C-G-D-D
 I knew I'd never be the same again

When I left school I got a job in a bank
 Be a real successful person
 I'd work all day in my 3 piece suit
 But at night I'd be guitar rehearsin'
 My boss said "young man, concentrate on your work"
 But Elvis said "hey kid, I got this gig in Hamburg
 For 50 quid a week", I was so thrilled I couldn't speak
 I told my boss to shove his dumb occupation

C D
 I hear his song but I still think of you
 G Am
 Oh man, I'd give anything just to have a drink with you
 B C
 The way you moved and played your guitar
 Am D
 Oh Elvis baby, you just showed me the way

The years flew past some slow some fast
 Many a short lived sensation
 I got a job with a band in the States
 Had to find my own generation
 But come on Elvis don't you be no square
 Just 'cause you got 6 kids don't mean you don't care
 Oh, the king may be dead, but it's all in your head
 Rock and roll is your only salvation
