

SUN RISE ON BROOKLYN

Intro: G C D G D C (2) G C G D G (2)

Em G
Dawn streaks across the desert
C D Em
I can't believe it gets so cold at night
G C G
But the 47s have stopped chattering
C D
And we're frozen in the starry light
Am Bm
I can't believe it's so beautiful
C D
Only moments ago it was hell
G C G D Bb C D (2) C G C D
And I hope I see the sun rise on Brooklyn again

A dog howls in the distance
Cryin' for the dyin' of the moon
White noise crackles from the minaret
The Hajis will be praying soon
I wish I could hear a church bell
To remind me of where I'm from
And I hope I see the sun rise on Brooklyn again

Am Bm
That night down by the Narrows
C D
When you told me that you cared
G C G
And your eyes lit up with Sicilian fire
C Am D
Across the universe I can still taste your desire

G C D G D C (2) G C G D (2)

And oh, the dawn is beautiful
But that won't last for long
'Cause Johnnie Jihad he's got patience
And snipers sing a different song
I can't believe it's so peaceful
In minutes it'll be hell
And I hope we share that moment in Brooklyn again G C G D
And I hope I see the sun rise on Brooklyn again G C G D
And I hope I see the sun rise on Brooklyn again Em G C D E
