

TRAMP'S HEARTBREAK

verse 1

When I was a young man I thought I knew it all
 Turned out I didn't even know the time of the day
 But I laughed at you and your forebodings
 Made fun of everything that you held dear
 I was ashamed of your peculiarities
 So old fashioned always out of phase
 So one night I put distance between us
 Took the light from all your days

verse 2

Occasionally, I'd write you a letter
 Telling you that I was doin' just fine
 And I guess I was for a long time
 Or was that just fog inside my mind
 But late at night I'd think about you
 'Cause I knew you'd be thinkin' about me as well
 But I was stuck on an outa control express train
 With local stops purgatory and hell

chorus

It's a long road with no turn in it
 It's an odd love without a portion of heartache
 And if I hadn't laid all that hurt upon you
 I wouldn't be stuck out here like a fool
 Crusin' down along tramp heartbreak

I played with lives like old chess pieces
 Discarded rooks for kings and queens
 I seared the hearts of those who loved me
 Man, did those faraway hills look green
 And as for you, my true companion
 You deserved so much better through the years
 I wish I could return your wasted days
 And melt the smile frozen in your tears
